FLIGHT CENTRE LIMITED LEGAL ACTION

FLIGHT Centre Limited (FLT) today updated the market in relation to the legal action it initiated against the service provider responsible for an IT project that FLT wrote-off during 2008/09.

As announced on November 4 2009, FLT has instituted proceedings in Queensland's Supreme Court against Datalex (Ireland) Limited and its parent company, Datalex PLC, to recover approximately \$AUD16.1million in damages.

Three months after instituting these proceedings, FLT has formally received notice of a counter claim from the Dublin-based company. The counter claim seeks between \$US5.36m and \$US9.23m.

FLT will vigorously defend the counter claim.
